04/21/24

This file: <http://museresearch.com/gamesale/gamesale.pdf>

All games located in Paicines, CA.

Links to pictures are on the right-hand side of each line

These games are being sold as-is. You should assume that they aren't working, unless indicated otherwise.

Many of these games are from Sam Harvey's collection, being sold to help Sam with medical expenses.

Most of Sam's games were shopped before being stored, 20-30 years ago, so they are in good mechanical shape.
